Mrs. Manley:

speaking of the draft, I did register
they sent me my questionnaire that
was just after I had registered. I filled
it out and sent it in, but since
then I have not heard from them.
As far as I know my service to
you for this coming year is very
available. I really don't think they
will get me for sometime, because my
draft number is very large. Of course
if they send for me I will let you
no right away.

Yours Truly
